EMERGENCY CALLS: DIAL 911

The Greenfield Fire District was formed in 1947 and is governed by a five member Board of Fire Commissioners; its original purpose was to provide fire protection to the communities located outside the Saratoga Springs Fire Department response area.

Our membership consists of volunteers dedicated to serving the communities in which they live and work. The Fire District consists of 4 fire companies staffed by your neighbors who provide fire & EMS services to the residents of the Town of Greenfield & the southwest portion of the Town of Wilton. We also have an auxiliary that offers ancillary support to the firefighters.

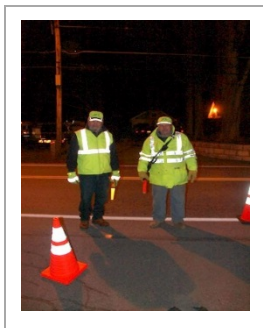

The volunteers of the Greenfield Fire District protect over 80 square miles and a population of over 10,000 residents. Our coverage area comprises Greenfield Center, Porter Corners, Middle Grove and the southwest area of Wilton, including the Wilton Mall and surrounding businesses.

Our organization's primary responsibility is to protect life and property. We respond to a variety of emergencies, including but not limited to: fire alarms, vehicle accidents, extrications, HAZMAT response, emergency medical services, and rescue and disaster responses.

Our EMTs (Emergency Medical Technicians) are often the first to arrive on scene and provide much needed care before the ambulance and paramedics arrive. All EMT's receive initial certification and continuing medical training in order to better serve our community.

We are more than just firefighters and EMTs; throughout the year our volunteers can be seen directing traffic (fire police), teaching fire prevention in schools, participating in parades and toy drives. You can also find us at the Saratoga County Fair each July, and at Gavin Park in Wilton for various activities.

Become a Volunteer

The Greenfield Fire District is always looking for dedicated and enthusiastic people to join our organization! Becoming a firefighter or EMT is a rewarding and satisfying way to give back to your community, you get to be part of a team, help out your fellow residents and make a difference in their lives. You also receive access to free training, scholarships and a volunteer firefighter pension.

Being a volunteer firefighter is about so much more than just fighting fires....

Training and Education

After becoming a firefighter in the Greenfield Fire District and going through our orientation program, you will be eligible to participate in various types of training. Most Tuesday evenings are scheduled with different types of in-house training and drills, including State mandated annual training, and depending upon your interests, there are many trainings and courses offered by different fire and EMS organizations throughout the year, most of which are paid by the Fire District.

Joining the Auxiliary

Would you rather join our Auxiliary? They play an integral role in our organization, assisting and supporting our firefighters by delivering food and beverages to fire scenes, planning fundraisers and social activities throughout the year, and various other tasks that may be requested of them.

Stop by one of our firehouses

If you are interested in becoming a member (firefighter or Auxiliary) of our District, feel free to stop by any of the firehouses on a Tuesday evening after 6:30 pm, which is our weekly drill/training night. You will be able to speak with someone about joining, and they can assist you in completing your application.

The Application Process

Applications are accepted from individuals who reside in our District, or within a reasonable distance. Under NYS law, all firefighter applicants are required to undergo arson and sex offender checks, and the District requires a physical and drug screening by our Medical Provider (paid for by the Fire District) before being accepted into the department.

Equal Opportunity Policy

The Greenfield Fire District does not discriminate on the basis of race, color, national or ethnic origin, religion, sex, age, or marital or parental status in the recruitment and admission of its members, in the admission of its policies and programs, or in the recruitment, appointment or election of its officers, employees or members.
