FOR IMMEDIATE RELEASE

October 27th, 2026

On October 24th at 4:51pm The Greenfield Fire District along with automatic mutual aid was activated for a reported commercial structure fire at the Wilton Mall in the town of Wilton, NY.

Responding units located two failed circuit breakers within an electrical panel located inside an in-line store. Prior to our arrival, mall staff secured power to the in-line store quickly isolating the issue to the one circuit breaker panel.

Following our standard operating procedures for any reported fire, crews identified a deficiency in the fire sprinkler and hydrant pump station. The scene was ultimately transferred to the town of Wilton Code Enforcement/ Fire marshal office.

The Greenfield Fire District continued to work closely with the town of Wilton Officials, mall management, and independent contractors on site to ensure transparency in the situation. Pre-plans were immediately updated to ensure adequate protection was still provided.

No further details are available at this time.

Respectfully,

Duane Bogardus

Duane Bogardus, District Chief
